

Crossroads Church

Enlist for postering and letterboxing

General guidelines

- With letters, these can go in all letterboxes (even 'no junk mail'). The only exception is 'registered mail only'/'Australia Post only'/'no unsolicited mail'.
- If you meet anyone while letter who expresses interest, pass this on to the leadership and take note of their address.

How to find out where to go

- We have a record of where we have recently fliered/postered – Tuesday Crossroads/List Letterboxing and Businesses.
- This document is also published on the website.
- If you are choosing where to go off the website, confirm with leadership before beginning.

Keep record

- The letterboxing and business lists are in two separate pages.
- We return to the same places after a two month gap.
- Keep a record of who has committed to advertise where. Note that they are 'in progress' until they have reported back that the letterboxing/postering is completed.
- Keep note of any other unique things about the places that are visited.
